

Strand	Trimester 1	Trimester 2	Trimester 3	Proficiency Level		
				1	2	3
Number Sense And Operations	• Solve addition and subtraction number stories	• Add and subtract with multiples of 10	• Find missing addends for the next multiple of 10			
	• Mastery of addition facts and related subtractions facts (sums to 20)	• Identify operation needed in addition and subtraction stories	• Demonstrate the ability to add and subtract three digit numbers accurately and efficiently.			
	• Understand and use the inverse relationship between addition and subtraction to solve problems and check solutions	• Solve addition and subtraction number stories	• Identify and represent common fractions ($\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$) as parts of wholes, parts of groups, and numbers on the number line			
	• Demonstrates mathematical ability to solve problems using numbers and diagrams	• Demonstrates mathematical ability to solve problems using numbers and diagrams	• Demonstrates mathematical ability to solve problems using numbers and diagrams			
			• Use equivalent coins to show money amount in different ways			
Patterns, Relations, And Algebra	• Skip count by twos, fives, and tens up to at least 50, starting at any number		• Skip count by twos, fives, and tens and describe the patterns			
	• Complete simple Frames-and-Arrows diagrams		• Describe and create addition and subtraction number patterns (e.g. 1, 4, 7, 10 or 25, 23, 21)			
Geometry		• Identify, describe, draw, and compare two-dimensional shapes	• Relate geometric ideas to numbers (e.g. seeing rows in an array as a model of repeated addition)			
		• Identify symmetry in two-dimensional shapes				
		• Draw line segments (parallel and non-parallel)				
Measurement	• Identify parts of the day (e.g. morning, afternoon, evening), days of the week, and months of the year		• Measure objects using centimeters and inches			
	• Identify dates using a calendar					
	• Tell time at quarter-hour intervals on analog and digital clocks using a.m. and p.m.
